Subject: An Update on Our Business

Dear Matt,

As you may know, Teligent has taken a series of actions throughout the past year to strengthen our debt structure and address operational hurdles that have challenged our business. Early today, in order to pursue a sale of our business, Teligent and certain of our subsidiaries filed for voluntary protection under Chapter 11 of the U.S. Bankruptcy Code. While this is not the outcome we envisioned, we are confident that Teligent's business includes a strong portfolio of specialty generic prescription products that will continue to support you and your customers and patients.

In concert with filing for Chapter 11 protection, Teligent is expecting to resume shipment of certain products shortly. In order to implement commitments made to the FDA in response to the agency's recent inspection of our Buena site, Teligent is pausing production at the facility beginning on or before October 22, 2021. Any impact to our ability to produce certain products will be communicated directly to affected customers.

Leading up to the filing, Teligent has appointed Vladimir Kasparov, Managing Director at Portage Point Partners, as Chief Restructuring Officer. Mr. Kasparov will oversee the business and its restructuring process, working closely with the Teligent leadership team, including previously appointed interim Chief Financial Officer Alyssa Lozynski, and Board of Directors to execute the Company's business strategy and conduct a value-maximizing sale process. Mr. Kasparov brings deep experience in managing complex financial and operational restructurings, including providing interim management services and stepping into officer roles to preserve and maximize value during restructurings and operational turnarounds. We also want to inform customers that Chief Executive Officer Tim Sawyer and Chief Legal Officer and Executive Vice President Philip Yachmetz resigned effective October 8, 2021.

To support our operations throughout the process, we are arranging \$12 million in debtor-in-possession ("DIP") financing from our senior secured lenders. We are currently seeking approval of various "First-Day" motions that we have filed with the Bankruptcy Court that will enable us to transition into Chapter 11 without disruption to our ordinary course operations, ensuring we are able to fulfill all obligations to our customers during this time. We expect these motions to be approved within the first few days of the case.

Prior to our Chapter 11 filing, the Company began a marketing process of our business to interested parties. While the Canadian business is *not* included in the Chapter 11 process, its assets *are* included in the sale. We anticipate completing that sale process by early 2022. While it is too early to speculate on who the final buyer of our business or what its assets might be, we are committed to keeping you updated throughout the process and meeting our obligations to you in the meantime.

We understand that you may have questions regarding this announcement, and encourage you to reach out to me at 365-886-1000 or mmantel@teligent.com with any immediate concerns, or visit <https://dm.epiq11.com/Teligent>.

Thank you for your continued partnership and support.

Best,

Mark Mantel
Vice President, North America
General Manager, Canada

CUSTOMER MARKET RECALL NOTIFICATION

Date: March 15, 2022

Dear Valued Customer:

This letter is to inform you that Teligent Pharma, Inc. filed for Chapter 11 bankruptcy on October of 2021 with the intent to sell the company. The sale of the facility and products were finalized on February 2, 2022, and pursuant to the sale, Teligent is initiating a voluntary market recall of all within-expiry company drug products. (Reference Attachment 1 for a list of products and lots). Please note that this voluntary market recall is being performed to the **retail level**.

To implement this market recall, please take the following actions:

1. Immediately examine your inventory and quarantine product subjected to the market recall.
2. Immediately discontinue use and distribution of the identified lot numbers.
3. Immediately contact all retailers that received the product and instruct them to examine their inventory, quarantine the product listed, and discontinue use/distribution of the identified lots. **The market recall is being performed at the retail level.**
4. Document the product name, NDC, lot number and quantity of each product/lot in inventory in the table provided. Additional pages can be printed and used if required.
5. Destroy all product that is in inventory by cutting open the tubes and/or emptying the contents of the container.
6. Retailers are to send the documented list of products/lots/quantities to each distributor.
7. Each distributor will then provide the information to SOLA Pharmaceuticals at usarecall@solameds.us.

We apologize for any inconvenience this may cause you. If you have any questions, please do not hesitate to call our Customer Service at 866-747-7365 x 1; M-F 9 am – 5 pm.

Thank you,
Teligent Customer Service Team
